

You Be The Judge

**** New in 2024**** This is a non-competitive class designed to help participants strengthen their listening abilities. Participants will perform one selection of their choice in any genre. There is no adjudicator! Instead, Executive Director Pat McKinna will act as "animateur" , asking participants to identify what they liked about each performance they heard. Because all artists deserve to be paid for their art, all participants will be paid in chocolate for participating. Entrants are sorted according to their age. A draw will be made from all entries to award a gift certificate from Long & McQuade.
